User Interface Design, Responsive Web Design, Graphic Design, Page Layout, Typography, Photoshop, Illustrator, InDesign

TECHNICAL PROJECTS

Trip Planner - [Github Client](#) | [Github Server](#)

Dynamic single-page app that allows a user to create trips and add a packing list and itinerary for each trip

- Collaborated with two team members and built the CRUD app within a 7-day timeline
- Utilized Semantic UI interactive elements to style Trips page and improve user experience
- Contributions: designed Trips page user interface, implemented edit form toggle function, installed and set up Semantic UI, created new user form, added back end user validation

Leopardy! - [Github Repo](#)

CLI trivia game about leopards inspired by Jeopardy! and Pup Quiz from The Tonight Show Starring Jimmy Fallon

- CRUD app built within a 4-day timeline
- Implemented logic to allow the user to create, update, and delete an account
- Implemented logic to create three multiple-choice game rounds
