DESIGN SKILLS

User Interface Design, Responsive Web Design, Graphic Design, Page Layout, Typography, Figma, Zeplin, Photoshop, Illustrator, InDesign

TECHNICAL PROJECTS

Trip Planner | [GitHub Client](#) [GitHub Server](#) React.js, Semantic UI, Rails, PostgreSQL

Dynamic single-page app that allows a user to create trips and add a packing list and itinerary for each trip

- Collaborated with two team members and built the CRUD app within a 7-day timeline
- Utilized Semantic UI interactive elements to style Trips page and improve user experience
- Contributions: designed Trips page user interface, implemented edit form toggle function, installed and set up Semantic UI, created new user form, added back end user validation

Le Chat | [GitHub Repo](#) HTML5, CSS3, JavaScript, Socket.IO, Node.js, Express.js, Moment.js

Web app that allows users to join rooms and chat in realtime

- Integrated Socket.IO to enable realtime communication between multiple users
- Utilized Moment.js to display current date and time

EXPERIENCE

UI/UX Designer 08/2020 - Present

Interlude Musical Outreach | Irvine, CA

- Collaborating remotely with board members, UI/UX designers, and developers to design and build an iOS app for volunteer instructors and students to make private music lesson appointments
- Technologies: Flutter, Firebase, Figma
